Hi Deb Hi Libby

At 445 pm ATSDR (Chris Poulet and Michelle Watters) will have a conf call with Dr. Bronstein RMPDC director and the NMPDC Director to close the request loop from earlier today.

Thanks

Chris

Hi Libby,

We have received a request from the San Juan Basin Health Department, which includes assistance with responses to requests from the public and physicians about contact with the water in the plume. We are working on a written response to that request.

Thank you for keeping us up to date.

Chris

**Subject:** Rocky Mountain Poison Center Call

Hi Deb and Chris,

I just got a call from the Medical Director for the Rocky Mountain Poison Center. His name is Dr. Bronstein. He can be reached at:

Cell – 303-887-8534

Poison Center call line for Colorado is 1-800-222-1222

They received a call from the New Mexico Poison Control Center who is getting calls from the public. The Colorado center has not receive any calls.

I'm going to let the local Health Director her know about the call. She is one of the IC's. Can you follow up? Assume you are the most appropriate contact?

Thanks, Libby
